WE WANT YOU for the Community Outreach Committee!

WHAT WE DO - The community outreach committee is the group who is tasked with connecting with the people of the City of Westerville on behalf of The Arts Council. This committee and the projects we work are not specific to any one event, but will work with the Event Committee to ensure we are engaging our entire community. As part of this committee, you can propose new projects for the Arts Council and really impact the way we interreact with everyone in our community. There are so many opportunities for leadership and creativity for people who want to have a voice in how the arts impacts our community.

Here's our current agenda and partnerships:

- City of Westerville
  - DEI
  - Parks & Recreation
- Neighborhood Outreach
- Young Members
- Partnership with local groups in Westerville
  - Westerville Area Chamber
  - Visit Westerville
  - Uptown Westerville Inc.
  - Westerville City Schools
  - Neighborhood Bridges
  - Otterbein University
